The validated LOC data file has not been fully vetted for all possible pending LOC data entries.

Notes regarding the report:

* The report identifies Letters of Credit held as of June 30, 2022.
* An institution may have posted multiple Letters of Credit to satisfy the Department's financial surety requirement.
* Cash deposits held as an alternative to a Letter of Credit are reported.
* LOC Percent Requested data are recorded in whole numbers.
* In some cases, a school provided an updated LOC before ED formally requested the LOC renewal

Definitions of Letter of Credit Terms

Term	Definition
OPE ID	An OPE ID is a unique eight digit code utilized by the Department to identify an institution in its systems.
Institution Name	The institution name is the legal name of the institution.
State/Country	State or country where the main institution is physically located.
Institution Type	Describes the institution as an nonprofit, public, or proprietary institution
Institution Fiscal Year End Date	For the purposes of the LOC disclosure, this refers to the fiscal year end date of the institution. The compliance or financial statement audits, which served as the basis for most LOC requests, are due to the Department no later than six months (proprietary) or nine months (non-profits) after the end of the institution's fiscal year. **NOTE: If this field is left blank, it is because the LOC was not predicated on the receipt of an annual financial statement.**
LOC Request Date	This serves as the date the Department formally requested a LOC from the institution.
Reason LOC Requested	Describes the reason the Department requested the LOC. See detailed descriptions for reasons below.
LOC Received Date	This serves as the date the Department formally received the irrevocable LOC from the financial institution posting on behalf of the requisite institution. In most cases, the LOC must be received by the Department within 75 days of the date of the Department's correspondence requesting remittance of a LOC. **NOTE: In some instances, the LOC Received Date precedes the LOC Request Date because an existing LOC on file was renewed or extended. In those cases, the subsequent Award Year LOC Received Date is noted.**
LOC Amount	This serves as the total LOC dollar amount the Department received and accepted from the institution. The vast majority of designated amounts are based on a percentage applied against Title IV funds received by the institution during its most recently completed fiscal year or refunds not returned during that year.
LOC Percent Requested	This represents the percentage applied against the Title IV funds received or unreturned by the institution and serves as the basis for the LOC requested amount. The regulations in 34 CFR Part 668 Subpart L set minimum and/or designated percentages for LOCs due to non-compliance of the financial responsibility standards.

Reason LOC Requested	Description
Disclaimer	An institution is not considered financially responsible if, in the institution's audited financial statements, the opinion expressed by the auditor was an adverse, qualified or disclaimed opinion, unless the Secretary determines that a qualified or disclaimed opinion does not have a significant bearing on the institution's financial condition.
Failed Numeric Test	The most common reason why an institution is required to remit a letter of credit (LOC) to the Department is because they have a failing financial responsibility composite score (generally a score of 1.4 or less on a scale of -1.0 to +3.0) and are not deemed financially responsible. In accordance with 34 CFR 668.175, an institution with a composite score of 1.4 or less may continue to participate in the Title IV programs under the Provisional certification alternative. Institutions participating under provisional certification are subject to heightened cash monitoring, and may be required to submit an irrevocable LOC of not less than 10 percent of the Title IV aid the institution received during its most recently completed fiscal year. *Institutions that passed the score in the previous year may score from 1.0 to 1.4 for up to three consecutive years without providing a LOC, provided other reporting conditions are met. Institutions that score below a 1.0 are required to submit a LOC of not less than 10 percent of the Title IV aid the institution received during its most recently completed fiscal year.*
Failed Past Performance Requirements	Institutions are required to submit acceptable annual compliance and financial statement audits no later than six months (proprietary) or nine months (non-profits) after the end of the institution's fiscal year. Institutions cited for such past performance violations under 34 CFR 668.174 are provisionally certified and must submit a LOC for a period of five years in an amount equal to no less than 10 percent of the Title IV aid the institution received during its most recently completed fiscal year.
Going Concern	A LOC is generally requested when an auditor expresses a "going concern" in an audited financial statement which could result in risk to the Department and taxpayers.
New Owner Missing 1 Yr. of Audited Financial Statements	Prospective new owners of a participating institution are required to provide two years of audited financial statements to determine financial solvency. If a new owner can only provide one year of financial statements, they are required to remit a LOC of at least 10% of the amount of Title IV aid the Department determines the institution would receive in its first year of operations.
New Owner Missing 2 Yrs. of Audited Financial Statements	Prospective new owners of a participating institution are required to provide two years of audited financial statements to determine financial solvency. If a new owner can not provide the required financial statements, they are required to remit a LOC of at least 25% of the amount of Title IV aid the Department determines the institution would receive in its first year of operations.

Notes regarding the report:

* The report identifies Letters of Credit held as of June 30, 2022.
* An institution may have posted multiple Letters of Credit to satisfy the Department's financial surety requirement.
* Cash deposits held as an alternative to a Letter of Credit are reported.
* LOC Percent Requested data are recorded in whole numbers.
* In some cases, a school provided an updated LOC before ED formally requested the LOC renewal

Definitions of Letter of Credit Terms

Term	Definition
Other or "Blank"	A LOC may be requested for less common reasons such as institutional ownership having a monetary liability owed to the Department or an institution's failure to meet debt obligations or not being in compliance with a financial lender's loan covenants. The insitution may have submitted the LOC without it being requested by the Department to resolve a financial responsibility issue.
Untimely Refunds	Institutions are required to maintain sufficient cash reserves to return Title IV funds to the Department for students that withdrew from the institution in a timely fashion. As noted in 34 CFR 668.173, an institution found in violation of the reserve standard is required to submit a LOC equal to 25% of the total amount of unearned Title IV funds the institution was required to return or should have returned for its most recently completed fiscal year.
