Just a PSA 🚨🚨

Martinsburg College is a complete SCAM. They lure military and spouses in with the MyCAA grant, have a national accreditation that is in jeopardy, NO EMPLOYER ACCEPTS THEIR CERTIFICATIONS OR DEGREES, and because of it being a national accreditation NO decent college will accept their credits for you to continue your education elsewhere. If you’re lucky, MAYBE one or two classes will transfer.

They’re also recently advertising an “articulation” program with Trident University, WGU, AND Bellevue University. 🚨 this is FALSE.

And yes this is public. I’m a little tired of seeing people get SCAMMED by these annoying reps.

Also note: you can use your MyCAA grant at just about ANY college.

ETA: since this is starting to go viral I’ll say there’s a great group called Mil Smarts that leads people the right way with educational needs

ETA: you can potentially get your mycaa funding back if you’ve been scammed by the school. Military one source has requested that anyone who would like to inquire about a refund to contact them directly. If overseas there is an online chat option. Phone lines are open 7-10pm central time as well.

Please file a grievance at the following link for ANY school you feel the need to:

Be warned if you comment as a current student - MC is watching this post. I think I peed on their Cheerios.

They’re also deleting the post everytime it’s shared in one of their spouse *ahem* prey groups.

When to submit a complaint

You may submit a complaint if your school is failing to follow the Principles of Excellence. This initiative is designed to empower you and your family members to report misleading or unfair actions by education institutions. Examples of education related issues may include, but are not limited to, misrepresentation or deceptive actions concerning multiple unsolicited phone calls or emails used as a high-pressure recruitment tactic, false representation about degree programs, misleading statements regarding accreditation or promoting costly private or institutional loans. The types of complaints Department of Defense will review include the following:

🚨🚨Martinsburg College is a complete scam.

I am not interested in speaking to anyone at Martinsburg College. I will not delete the post and you cannot change my mind about your school. Nor the hundreds of others who have the same mindset.

-Always look for REGIONALLY accredited schools as well as any additional accreditations your program may require.
-Mil Smarts is currently holding all membership requests until further notice since some reps are hurt and trying to join. Feel free to still join, but we are going to take time to sort through the requests to try to keep our members as protected as possible. You must answer all question to be considered.
-To get information on getting your funding back, please call the 1-800 number for military one source and MyCAA. File an OFFICIAL complaint on Martinsburg so that MyCAA will take them off the funding list & an official investigation can occur.
-Report them to the BBB.
-PROTECT yourself moving on to other schools and DO YOUR RESEARCH. MC is not the only scammy school.

Any additions?

Anna Desirae Jessica

Desirae Masters I think you covered it all. The only thing I would add would be if you know of anyone currently enrolled in martinsburg, encourage them to drop classes and contact military one source immediately.

Jennifer Abdoian I wish I would have known this when I was a new spouse. I am currently enrolled with Martinsburg and without a doubt felt pushed into it! I’ve been enrolled with them since February of 2016. I doubt I can get the funding back now 😞

Alayna Behr I ended up finishing. I just blazed through all tests, and in my “exit” interview I asked to speak to some higher up person, think I got to the school President (or so she said she was), and I got my money returned. Just start squawking

Martinsburg College is a complete joke. My spouse was scammed by the school reps and their financial aid department. They have been in constant contact with her. She was offered a loan, once the loan was issued they immediately went on a charging spree.

They offered her a loan to cover books, supplies, and tuition fees and then charged her for both James Madison University and UC the University of Cincinnati. She initially was told that she would be told for everything. But when she tried to talk to someone in the office she was told that she would be billed later. So she put it on her credit card and she's still being charged.

I help military students daily with their educational needs for free. I'm pretty well known for this as well as our team who does it. I have had hundreds (not an exaggeration) come to me for help after MC. I've seen emails from directors, admissions, texts, Facebook messages etc. The school reps are trained to prey on young and ill informed spouses. They force employees to write good reviews regarding the school, it's a train wreck. The employees aren't even allowed to speak out or they get fired. I also have contacted all 3 of the aforementioned colleges after receiving notice that MC was now advertising this.

**Kelsie Wright** Sandra Garcia why did you need a loan? Unless they've changed their practices lately, they only accept MYCAA, GI Bill, and previously accepted TA. They've never worked with loans.

**Sandra Garcia** it was before my husband and I got married I was in college back home and took out a loan to pay for my schooling but my school loan needed proof I was in college and everything Martinsburg has given me my company won't except because according to my company it wasn't enough information

**Kelsie Wright** Sandra Garcia so you enrolled in MC before you and your husband got married? It was my understanding that they only enrolled military and their families.

**Sandra Garcia** Kelsie Wright no i was at a college in my hometown (McLennan community college) working on my early childhood education degree and took out a loan to cover costs, later on my husband and I married so I moved to CA and was approached by a MC rep at an event and enrolled. Everything MC has given me to have my PAST loan deferred but my company (MOHELA) said they didn't give enough information and kept denying my request

Molly Evans This isn't the first time I've heard this about them either.

Just a PSA 🚨

Martinsburg College is a complete SCAM. They lure military and spouses in with the MyCAA grant, have a national accreditation that is in jeopardy, and... See More

Sheryl Shine I clicked your profile and I could share it. The girl from that college was trying to get me join and I felt like she was so pushy and they didn’t even had thing I wanted to learn.

Sheryl Shine

Kelly unfortunately they HAVE to be or they will be fired. I have SOME pity on the reps as all they are trying to do is feed their families, BUT their job requires them to be predatory. Their messages are monitored, they have a quota, they’re required to leave reviews that are positive on other reps pages etc etc. for 35-40k a year many would sell their soul and work from home doing this job. However, they’re paid well so they’ll shut up.

Kelly AY Elliott

Sheryl Shine well thank you so much for posing this. I now know that I need to be more careful.

When "reps" send you messages out of the blue and it feels like they're trying to get you to sign up for an MLM... you should probably run in the opposite direction.
lure you with “accelerated courses” and the promise of completion in less time than going to a state or community college and then conveniently forget to show you the employment rate of students who complete programs. Community colleges have vocational and tech programs that are much less expensive and come with some sort of accreditation and/or transfer potential. I would never put my money or grants into a school that isn’t regionally accredited or considered for profit. I’m sorry to anyone who’s been swindled by a school like this 😞

Nicole Rawlinson unfortunately this is the story for most anyone who has attended a proprietary for-profit school of any type. They lure you with “accelerated courses” and the promise of completion in less time than going to a state or community college and then conveniently forget to show you the employment rate of students who complete programs. Community colleges have vocational and tech programs that are much less expensive and come with some sort of accreditation and/or transfer potential. Scarlett Marie Self shared in my Milso group, thanks for the info!

Cheyenne Frank Margarita Gamez didn’t know if they used them or not. Just a warning!

Wendy Koepe exactly why I don’t friend them as soon as I get their friend request. It’s like vultures. As soon as you add yourself to a new wives page they all come out. #sorrynotsorry

Stephanie Orta Wendy Koepe that’s exactly what happened to me and I was just like 😞😞😞

Sheryl Shine I woke up to a ton of messages asking for recommendations to schools. My top two personal favorites are Grand Canyon University and Park University. There is also a lot of chatter lately about Liberty University. Of course, to save money always go to a local community college first, but University is also a good fit for those gen ed courses.

Amanda Dorman Guillory Sheryl Shine, messaging you!

Sheryl Shine I contacted military one source directly. Will be posting an update with their response once I receive their emails. They’ve asked that ANYONE who feels scammed or has a grievance with ANY school and wants a refund opportunity to immediately contact them at their 1-800 number. It is done on INDIVIDUAL bases. If you are overseas there is an online chat option, and they are open 7-10PM M-F for calls. I will be posting the links they send me ASAP.

Lala Bradshaw Sheryl Shine I was on the phone with their 1800 office today. Some of their programs are regionally accredited I guess but their accreditation comes from the department of education. Plus they said if I or anyone else still has a problem they won’t refund it.
accredited schools and properly accredited programs. However, Martinsburg is only nationally accredited.

Sheryl Shine [Jessica Mechelle Visage] nationally*

Lala Bradshaw Jessica Mechelle Visage their office said nationally accredited.

Sheryl Shine I'm not addressing this, I'm sorry. She's confused and I've been answering these questions since Friday.

Jessica Mechelle Visage I changed it. Yes. They are only nationally accredited and their programs do not have additional accreditation. If you visit their website and view their programs, none of them carry additional accreditation.

Lala Bradshaw Sheryl Shine I'm not confused I know the difference between regionally and national accredited. I just don't know where you guys are finding these reports from.

Lala Bradshaw Jessica Mechelle Visage what do you mean by additional accreditation? I went through medical office Administration so I don't know what the problem is I got told I can take the certification exams here in Alaska. And the classes would transfer back to my old school if I chose them too.

Sheryl Shine also, many programs require more than just the regional/national.
school diploma or GED. If you were to go to a state that requires licensure, you would most likely not qualify for the job or to sit for the exam to get licensure because Martinsburg is accredited by an additional agency that reviews medical programs.

Jessica Mechelle Visage

- Yes. Also, for medical assistants in Alaska, licensure is not necessary and only requires a high school diploma or GED. If you were to go to a state that requires licensure, you would most likely not qualify for the job or to sit for the exam to get licensure because Martinsburg is accredited by an additional agency that reviews medical programs.
