Re: Freedom of Information Act Request

Dear FOIA Public Liaison:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the U.S. Department of Education (“ED” or “Department”), 34 C.F.R. Part 5, the National Student Legal Defense Network (“Student Defense”) makes the following request for records.

**Background**

An institution may participate in programs under Title IV of the Higher Education Act only if it enters into a written program participation agreement (“PPA”) with the Secretary, on a form approved by the Secretary. See generally 34 CFR § 668.14. An institution’s PPA applies to each branch campus and other location of the institution that meets the applicable requirements, unless otherwise specified by the Secretary. 34 CFR § 668.14(a)(2).

- Through the PPA, the school’s initial and continued participation in Title IV programs is conditioned on the school’s compliance with applicable regulations and any additional requirements set forth by the Department in the PPA. For a number of reasons, including a finding that a school is not conforming to these requirements, the Department may grant the school a provisional PPA for a limited time instead of renewing a school’s certification. See generally 34 CFR § 668.13. If the Department provisionally certifies an institution, it must also specify the duration of the provisional certification. 34 CFR § 668.13(c)(2).

Every year, the Department determines that a number of schools fall into the criteria for provisional certification and specifics the length of time the provisional certification will last for. Schools with provisional certifications are more likely to be non-compliant with the

---

eligibility requirements, and to even have their eligibility revoked, thus posing a greater risk to their students. For this reason, Student Defense is making the following request.

**Requested Records**

Student Defense requests that the Department produce the following records within twenty business days:

- All provisional PPAs that are currently in effect for institutions participating in Title IV Federal Student Aid Programs.
- All provisional PPAs that have been issued since Jan. 1, 2010, that are no longer in effect.

In the event that the Department cannot produce the PPA’s within the required timeframe, please produce a list of all of the institutions participating in Title IV with provisional PPAs, and the expiration dates of the provisional PPAs.

**Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, Student Defense requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

Student Defense requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.” The public has a significant interest in these change in ownership applications, particularly as many are consumers of educational programs. Records with the potential to shed light on the status and potential changes to the operations and structures of educational institutions would contribute significantly to public understanding of the federal government and these processes. Student Defense has the capacity to analyze records and to use the sought records to inform public discourse regarding issues currently pending at the Department. Student Defense has the capacity to broadcast its analysis through the news, its website, and via social media—thus “significantly” contributing to the public understanding of issues present at the Department, including those raised by the Department’s processes for handling FOIA requests.

This request is primarily and fundamentally for non-commercial purposes. Student Defense is a non-profit, non-partisan 501(c)(3) organization. Student Defense’s mission is to work, through a variety of means, to advance students’ rights to educational opportunity and to ensure that higher education provides a launching point for economic mobility. We also believe that transparency is critical to fully understanding the government’s role in student protections and promoting opportunity. As noted above, Student Defense has the capacity to

make the information it receives available to the public through reports, social media, press releases, in litigation filings, and regulatory comments to government agencies. For these reasons, Student Defense qualifies for a fee waiver.

**Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, Student Defense provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.

- In conducting your search, please understand the terms “record” in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA. It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; Student Defense has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically, and many agencies have adopted the National Archives and Records Administration

---

(NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to Student Defense, please do not hesitate to contact Student Defense to discuss this request. Student Defense welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, Student Defense and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Please send any responsive material being sent by email to kirin@defendstudents.org. If it will accelerate release of responsive records to Student Defense, please also provide responsive material on a rolling basis.

Student Defense looks forward to working with your agency on this request. If you do not understand any part of this request, or anticipate any problems in complying with this request please contact me at kirin@defendstudents.org. Also, if Student Defense’s request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.

Sincerely,

/s/ Kirin Jessel
