Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,

(b)(6)

May 4, 2016

Dear Mr. Bieda,

I'd like to take a moment to expound upon Systems Integration, Inc.'s partnership with ITT Technical Institute's campuses in Hanover, MD, Owings Mills, MD, Springfield, VA and Chantilly, VA. These schools have each helped us in the way of inviting our participation in Job Fairs held on their campuses, they have supported our last minute hiring needs by inviting us on campus and having many highly qualified candidates available to interview and most importantly, they have imparted a solid foundation in Information Technology that we have been able to build on. At our corporate headquarters, we have hired Patrick Gibbons, Eric Page, John Seley, Alan Moos, Jason Smallwood and Leaman Russell over the last couple of years for Tier 1 Technical Service Desk Analyst positions. They have each gone on to pass their require certification on the Interactive Intelligence Telephony Engineer that are required to remain in their jobs. Additionally, they are aggressively acquiring a number of industry certifications. They frequently have been put in the position of having to stretch and grow rapidly in order to respond to Tier 3 problems in the absence of senior and experienced staff who have been placed on offsite contracts.

They each have a very promising career ahead of them at Systems Integration, Inc. In addition to these candidates, we have also hired approximately 20 graduates overall on the contract for Customs and Border Protection – Homeland Security for Tier 1 Technical Help Desk positions. They are working in a call center environment with a solid starting salary and are receiving extensive training that provides the next layer to a solid foundation on their career track. We are proud of the accomplishments of these graduates and are making a very significant investment in their on-going training and development as IT professionals. We will turn to ITT Technical Institute without hesitation for future hiring requirements.

Sincerely,

(b)(6)

Arlene Croft
HR Specialist and Deputy FSO
Systems Integration, Inc.

Hi Liz,

Attached is the resume of Daniel Warren. He is presently an evening student in our Information Technology/Computer Network Systems program who has expressed interest in an opportunity in his field of study. His resume reads a little more hands-on tech, but I think you'll find him to be a good communicator and professional. Thank you.

Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,

Good morning Steve,

Thank you for reaching out to us once again. We continue to have a very good measure of success with the CAD program and students and graduates. I'm working with a couple of upcoming graduates right now and as I think that I mentioned, the classes are evening, so this could work out great.

As you know, we really appreciate the partnership that we have with all of our employers including you and the folks over there at HWI over the years. We have recently been asked by our accrediting agency (ACICS) to support them during their re-recognition review. So I thought it'd be an opportunity for you and/or your colleagues to weigh in on your experience with working with ITT Tech as you know how valuable your input first-hand is important to our reputation. I know that you've shared kind words on a previous occasion. Would you have a moment to review the attached employer letter that our HQ has generated please? If you agree with these thoughts, would my College Director, Charlie Bowman, be able

to stop by briefly to grab your signature of support on this petition? Please let me know. I could also bring a resume or two for you to review. And as always, we appreciate your support of our program, students, and graduates. Thank you Steve!

Subject: Entry Level Drafter

Nah'Shon,

We spoke back in August of 2015 about interviewing entry level drafter. This position will be a full time, Monday-Friday 8:00am to 5:00pm 40 hours a week. The position is for a fast paced MEP Engineering firm located in Feasterville, PA. We are looking for a motivated individual with strong communication skills, works well with others, organized, proficient with CAD software, and Microsoft Office programs.

Please let me know if you need any additional information regarding the position. We would like to start review applicants as soon as possible.

Thank You,
Steve

Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or service on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students and to its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,

The Employers of ITT Technical Institute Torrance at: 2555 W. 190th Street, #125, Torrance, CA 90504 are represented below:

Mr. Anthony Bieda
Executive in Charge
Accrediting Council for Independent Colleges and Schools
750 First Street, NE, Suite 980
Washington, DC 20002

Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,
